Don't Read
This If You
Are My
Friend

Hi, guys at TIGHT!!

Well, first of all, I wanna know who the heck schedules these shoots for 9:00AM on a Saturday morning??? I was so out of it I forgot all about the sexy poses and stuff I'd been rehearsing. I hope I don't look goofy.

But you said to talk about my new boyfriend. It's great to be able to talk about him cuz our relationship is a secret from everyone. He's actually my best friend Raven's dad. I know that sounds weird, but he says I'm really mature for my age and he's the coolest dad I have EVER met!!! His name is Joel, and he's a musician and vegetarian and has a thousand books.

I go over there when Raven and her mom are at exercise class. Joel puts a special lock on the door so they won't come in and catch us. I hope they never do cuz Raven would never be my friend again!!!

Joel loves me. He tells me all the time.

You know how I can be sure? Cuz his favorite thing to do is LICK me DOWN THERE! How could you do that to someone unless you loved them so much you didn't care that you were licking them where they pee? So he said he loves me, he wanted to squirt his sperm in my mouth. He says I'm getting good at it and I'm getting so I like it. It tastes kinda sweet (he's a vegetarian). And when it fills up my mouth it's kinda like he's filling me up with his love. Is that too corny??? (If it is, you can take it out.)

But the big news is that we DID "IT"!! I was nervous, but Joel said he's deflowered lots of girls and he knows how to do it so it doesn't hurt. So he got me naked, and he laid me back on the bed and rubbed this slippery goop into my coolie. (I'm totally relaxed around him and I don't get shy when he plays with my coolie any more.)

Then he got his finger inside. It was hard for him to get it in, but then he put more fingers inside till he had like 2 or 3 in there. It took a long time, but he didn't get bored.

Then he said he was gonna fuck me. I was still laying back on the bed, and he opened his pants and took it out and it was like HUGER than it ever was before. He started pushing it into my coolie, super-slow. It was SOOO thrilling, and it felt SOOO intimate. It hurt a little, but I didn't want him to think he was doing a bad job. So I just took deep breaths and soon he got all the way in!!!

THAT was when we heard Raven and Raven's mom trying to open the front door! But Joel didn't stop! He fucked me super-hard and super-fast, and he forgot that he was being gentle. It was kind of freaky and I didn't know what to do. But then it was feeling really good and soon I realized I was gonna have an orgasm! And that became more important than everything, even the banging on the front door. I understood why Joel was slamming hard enough to squish me up against the headboard, and I got all tense and grunty and had my very own orgasm right before he had his and squirted my coolie full of his sweet yummy cum. WHEW!

Well, thank god they have a back door. I ran out and Joel covered up somehow! But if Raven or Raven's mom read TIGHT then I am so screwed!

So you want me to talk about my sex life. Well, it's kind of weird.

I thought when I went away to college that I'd have lots of privacy and be able to do whatever I wanted. But then I moved into this tiny dorm room and my roommate Jenna never goes out! Isn't that so lame? I mean, it's our freshman year! Which is totally the time to come out of your shell!

Dylan is my first boyfriend. He introduced me to sex. He's a senior, but he switched majors a bunch of times, so he's like 27. He also has a roommate. So you can see the privacy problem. Luckily, Dylan came up with a solution: sex in classroom buildings.

The safest time to do it is late at night behind the bleachers. Sometimes we can't wait, though, so we sneak into a classroom and do it between classes! I am so afraid of getting caught but that sort of makes it more fun, too. It's like a thrill of danger or something. We have sex just about every day. I worry that it's too much but Dylan says he needs it.

Dylan's favorite thing to do is lick my pussy. I was pretty self-conscious the first time, worrying about the smell and all, but as soon as his tongue touched my clit, I was like, "I have seen God!" I never felt anything so good! I wanted him to do it forever! I got so revved up I started cumming so hard that after a while I had to ask h--im to stop. It was like my body was going into overload! He said I should let him keep going because I was close to having a squirting orgasm, but that scared me! So finally he just licked me super- slow and let me get used to it. After a while, I felt this kinda slow build-up, like a whirlpool of feeling with my clit in the center. Then my eyes started tearing. I almost asked him to stop again, but I clenched my fists and held on, and then it was the most incredible thing—like I was just throwing off all this energy and my body shook like crazy!

My pussy got super wet!

I gripped his head and started riding my hips forward so my pussy was pressing his face. I heard myself making bizarre noises like, "Angh! Engh! Ungh!" Then I totally squirted this spout of water—right in his mouth!

I am so excited to be in TIGHT! Dylan has a subscription, and we read it together all the time. It's kind of like studying together—I mean, if we were like sex majors. Wouldn't that be totally amazing?

Everybody keeps saying that I'm the most beautiful girl in school.

I'm not even saying that it's true, just what they say. It doesn't make me conceited because people choose to say something about me. I just keep acting like my normal self. If they want to be jealous, then they're the ones with the problem.

But you could totally tell they were jealous when they heard I was going to pose for TIGHT. They thought at first I was making it up, but I said, no, it was a real magazine and I was going to be in it. And why shouldn't I be proud? Because being a model has been one of my dreams ever since I was little. People who try to keep you from your dreams are just haters.

But I didn't understand it was supposed to be nude modeling until I got there. I felt so bad because we'd already set up the lights and the camera and everything. I didn't want to disappoint everybody, but I couldn't take off my clothes! I'm a super shy person—I don't even let my mom see me naked. This was turning into the worst day of my life!

Mr. D., the photographer, sat down and we had a nice talk. He asked me if I'd ever seen pictures of super-models naked, and I guess I had. Then he goes, "Well?" Then I stopped crying and smiled and sort of asked if we could just do a few. He said, "We'll only shoot a few rolls."

PURDAY • T

A blonde woman with long hair is posing in a room. She is wearing a blue and white plaid strapless crop top and is pulling it down to cover her breasts. She is standing on a wooden floor, leaning against a grey cushioned bench. The background features a blue wall and a framed picture on the left. The text is positioned in the upper right corner of the image.

You guys asked me about sex I've done, but all that stuff happened after these pictures, because Mr. D. said we should celebrate.

I was really nervous after the shoot, because I still wasn't sure if I'd done something wrong. Mr. D. said he would take my mind off of it by letting me come to a club where models go...only I didn't understand this was where they go to have sex! I never even knew people did things like sucking in a room full of other people! It really showed me that I was pretty naïve and that there's a whole world of different views out there. So then, when Mr. D. drove me home, I sort of expected he was going to ask me to suck him too. Because that's what the girls he knows do. When he didn't, I felt like he must not like me or something. Like, he thinks I'm just a kid. That's why I spoke up and asked if I should do it. He said okay, and that was the first ever sex I did.

How did it feel? Sort of cramming and salty tasting.

I think I need someone to teach me to do it right. I'm pretty sure I'm supposed to fit it all in my mouth, only I don't see how you can. If you put it in too deep, you'll throw up! I definitely need practice. Also, don't laugh, but I didn't know that you were supposed to swallow the stuff that squirts out. I don't know what I thought, but if he hadn't told me I would never have swallowed that gunk. It's just not something I would do intuitively.

In the past few days, me and Mr. D. have talked a lot about intercourse. I sort of signed a Vow of Abstinence already, so I don't think I can. If I want to stay a virgin, I guess I'll have to get super-super good at doing it with my mouth.

It's so cool you let me in even though I'm still in high school.

I'm 18, but I got left back. It doesn't matter how I do in school, though, because you don't need a diploma to be a supermodel and make millions of dollars. Being in TIGHT is going to be a huge career thing for me. It's serious exposure. If I tell my folks, maybe they'll see I have potential and let me drop out!

You asked for an outrageous story about something that happened to me. Well, my friends and me like to hang out in the playground after dark. One time at around 10 p.m., this older guy came around. He was really cute and sophisticated, about 45 years old I think. He hardly even LOOKED at any of my girlfriends, he was all into me.

So we were talking, and I was trying so hard to be cool that I got all clumsy and burned myself with a cigarette. All my friends laughed, but Roger was so sweet. He took me to the drinking fountain to put some cold water on it. Then, he kissed me, and he stuck his tongue right into my mouth! It was like something out of a romantic movie.

Roger said we should go hang out in his car for some privacy. I totally forgot to play it cool and got all excited. I couldn't believe a guy his age would be really interested in me. He had a nice car, too. You could tell he bought it new.

When we got in the car, he kissed me some more and asked if I'd ever seen a penis before. I was like, "Of course."

The real truth was I never saw an adult penis in person, but he didn't have to know that.

He took it out, and it was like a monster one! It was all hard and thick and with huge veins on it. I was kind of freaked, but grabbed it like it was old hat. I didn't expect it to be so warm. Then I started moving it around like a joystick and that was wrong. He had to stop me and show me how to do it right. I felt so dumb!!

You're supposed to get your hand really wet with your spit and then hold the penis in your fist and rub it up and down. I'm usually not good at learning stuff when people tell me, but I took to this really easily. I did such a good job that pretty soon Roger said he was going to "come," which meant shoot his sperm. I'm like, OK, go ahead and do it, but first he wanted me to put it in my mouth. He held my hair and guided my head down, but I was too scared to do it so I just kept on rubbing. He hung on to my hair and kept my face down there, and then all this gloppy white stuff came shooting out a hundred miles an hour all over my face! Some of it even got in my mouth. That was seriously gross, but I played it cool and wiped it off with my sleeve like it was something I did every day. When I went back to my friends at the playground, I was all smiles, but I didn't tell them anything.

I gave Roger my phone number, but he never called me. I don't know what's up with that. I go to the playground as often as I can, so maybe he'll meet up with me there again. If not, he'll just have to come begging at my door when I'm the next Christy Turlington!

Remember I said I didn't like sex earlier?

That's just because I was too embarrassed to admit I'd never had it. Well, I just had it 10 minutes ago, and I want you to change my answer to I love it! I really-really-really love it! OMG, I totally love it!

This was with your photographer guy, and we were just having so much fun after the shoot, messing around with his toys and playing games in the shower. Then, since I was already naked, we decided to just do it!

I think I must be built for sex, because, like, when you start and there's all that pain, right? I didn't even care! See, I play varsity field hockey and I'm totally used to pain. You just work through it! When he pulled me over, and I started riding him, he grabbed my breasts and said they were the perfect size for grabbing. That's why I'm built for sex, see? Also, I'm little, but inside I'm a lot bigger than I look. He was able to put his whole thing inside me! You don't even know how big he is—he's humongous! I bet a lot of girls my size couldn't even take him, but I could. I'm just special in that way.

I haven't even told about sucking! I'm getting all mixed up!

I just want to say I suck really good. He said so himself! The reason is because I use my whole mouth. I wasn't even scared when he got over to me and started pumping it into my mouth. I know he does that because he likes me, so I just let him ride my face as much as he wants. It's all about giving your all, you know? That's me, I always give my all.

I didn't even tell how he sucked on me, and fingered me, and spanked me—I can't even process it because it's all so new!

Oh, man, it's like I'm glowing! Everything on my body is tingling—especially my pussy! I can't even sit down because my pussy burns so bad! It's like I want to jump on the bed or do calisthenics or something! God, I want to do it again!

What are you guys doing right now? Oh man, I wish you were here because I want to have sex again so bad! It's just so awesome! I don't understand why people don't do it all the time! If I'd known how good it was before, I'd have started years ago! Now that I know, I'm definitely doing it every single day! Ten times a day! Oh, man, I got to get a boyfriend! I should just start calling people telling them I want to do it with them! It's just like...you know that feeling when it's going up inside you...and you're, like, getting that slow slide...like, ungh...and he's pumping in and out, and there's that friction....

Oh, man, I want it so bad!

Can't you guys come over or something? No, c'mon, seriously? My parents aren't going to be home for hours! At least another hour. I'm really good, you'll see. Just one of you guys come by. I'll suck you so good! Then we'll put it inside and do everything you want! I look young, I know...I know I look young, but inside I'm so mature! Just let me prove it to you, please! Please!

"Thank You,
Stepbrother."

Everyone thinks it's so weird that my stepbrother gave me a vibrator for my 18th birthday. Well, Chuck's a lot older than I

am, and he's very mature. He wrote me such a sweet letter that came with the package. It said "Happy 18th Birthday, Sis. You're a woman now and I'm so proud of you. This present, I hope, will make you feel special. I know that things can get lonely when you first leave home. I sure wish someone had taught me more about masturbation when I went away to college. It's a healthy, normal outlet, and I wish I had had more of its sweet release back when I was your age and lonely. This massage unit should also help you and me feel closer together, Sis, now that you're away at Junior State. I had it made special for you and gave it a very personal touch. of course it won't really be me. Just a plastic replica." That made me feel so warm all over when I read it!

Chuck was totally right, as usual. I'm so shy around boys still, because I'm not used to being a real woman yet. There are so many things I'm not ready for, even though I'm officially 18 now. I know I want to guard my virginity until I'm in a seriously committed relationship, but at the same time, I can feel my body changing and I'm always getting all these needy feelings. That's why some nights, instead of studying down at the library like I'm supposed to, I stay in my dorm room and make myself go squishy with Chuck's present.

Of course I don't stick it in me. That would probably break my hymen. And I want to save that as the most precious gift of all that I will give to the first man in my life. I definitely have fantasies about that special first time. I want the man who takes my virginity to be mature, like Chuck, also sweet and sensitive and generous like him. Another thing—and I know this sounds dirty—I want this special man to be built like my stepbrother, down there. This sounds really really dirty, but it makes me feel so good to run the vibrator he gave me, switched off, all over my nude body: my boobies, my inner thighs and...my butt. Yeah, I haven't stuck it in that hole yet either, but it's sooooo tempting. It's like my butt is all itchy and lonesome, just like the rest of me. Even if I stick it in there, I can still be a virgin. "Cause there's nothing to break.

Next month it's my darling stepbrother Chuck's 35th birthday. He calls it "halfway home," doesn't that sound sad? I'm going to send him a pair of my panties. They're the panties I wear after I make myself go squishy, and I never wash them. I know it sounds weird, but that's what Chuck said he wanted. And I want to make my stepbrother happy.

It can be so complicated dating older men!

When I first started dating Tara's dad, it was like the best boyfriend you could imagine, because with his own house and car and everything, you could do so much more than a regular boy. It was like playing house—only for real! But then Tara got really upset with me for sleeping with her dad, and she said totally hurtful things. She called me a skank and told me she never wanted to be my friend again! At first I thought, you know, "Give it time and it will all blow over," but it only got worse until she finally moved out!

It was such a strain on my heart! But then Tara's dad (whose name I don't even want to write because it hurts too much) said that from now on he wanted me to sleep up in Tara's room. I thought it was weird, but he said it made him feel more comfortable that way. Once I moved up there, he immediately started acting like he was my dad. He would tell me to do chores and stuff, and would check all my homework, and if I got bad grades on an essay or something he would totally yell at me. In my head I was like, "Aren't you supposed to be my boyfriend?" but whenever he raised his voice it would immediately feel like he was the boss, and my head would tell me to shut up and accept it.

Then he'd take his cock out and start rubbing it in my crack.

He'd feel underneath me and say, like, "You've been a very good girl, a very obedient girl." Then he'd start pressing his thing against me from behind.

Like, it still felt good physically? Because, even from the beginning, just the bigness and warmness would give me these huge, spazzy throbs in my pussy, but on a mental level, the confusion about why we couldn't be more boyfriend/girlfriend would give me a lot of stress.

Then, when he was ready to do his business, he'd be like, "Here it comes! Here it comes!" then he'd be, like, "Blargggh!" because he'd start shooting his stuff inside. It was like these thick, warm spurts. It felt really messy, like I'd done something wrong, and I would always be sobbing really loud.

The weird thing was he liked doing IT to me all the time.

Like, when I was doing homework, he would bang on the door and go, "Room inspection!" Then he'd come in and see how clean it was. Then he'd say, "Now I want to check your hygiene," which meant for me to pull down my pants and bend over the chair so he could look at my pussy. Then he would kneel down behind me and put his fingers on it, pulling the lips apart and touching inside and stuff. He would say, "You've been wiping yourself carefully, correct?" or "Have you used a liberal dose of talcum?"

Then he'd say, "Hold it all in so there won't be a mess!" Be a good girl!!

And then he'd slowly pull it out and I had to clench back there so nothing would spill. Then he'd take me to the bathroom and watch as I cleaned myself out.

Now he's gotten even worse, because he's so strict he's started a curfew where it's lights out at 10:00, and I have a phone limit of only one hour! Secretly, I'm thinking of going back home, because my real parents were nowhere near as strict!

MOM'S
BOYFRIEND
SPANKS ME!

AGE
18
FROM
St. Louis,
MO.

Me and mom's boyfriend have a weird relationship.

I was glad at first that my mom found a new guy, but it was always really weird between us. It was almost like he was scared of me.

Soon after we moved into Murray's house, I heard Mom and him doing it in their room. He was calling her a "dirty little girl." I had to put my hands over my ears, but you could still totally hear it. There was this big thumping against the wall, and I could hear Murray groaning, like, "Who's your daddy? Who's your daddy?" and my mom was going, "You are, daddy! You are!" Then, he was saying perverted stuff like, "Daddy's fucking your baby pussy! Take all Daddy's cum!" then it was just a lot of groaning. Then the thumping stopped.

I'd never done sex before, so I'll admit I was secretly curious. It sounded scary, but I still wanted to try it for myself. Then it's like I guess I started associating Murray with sex, because whenever I saw him, all I could think about was doing it.

When I got home past curfew one night, Murray was waiting up for me in my bedroom. My mom was nowhere around. He said I was big enough to know better, and that I'd earned myself a spanking. I was like, "Huh?" But Murray told me to lift my skirt and pull down my panties and lie across his lap. I sort of understood this had to do with sex, but I didn't say so because I thought it would ruin it. I went up to him, and he took me by the waist.

I thought he was going to hug me, but he pulled me down and bent me over his lap. Then

I could feel him pulling up my skirt from the back. His hand was touching my butt and he was saying, "You're a very naughty girl, you know that?" I didn't know what to say. Then I felt his fingers on my tailbone, and he pulled my panties down. I thought, "He isn't really going to spank me, is he?" And then it was like this huge "WHACK!"

He spanked me really hard with his flat hand, so hard I actually cried out a little.

I was blushing so much I wanted to die! He kept spanking me, and my ass got really hot. His hand stung each time he brought it down. I felt like asking him to stop, but I thought that would mean I was a baby and we couldn't have sex after, so I bit my lip and took it.

After about a minute or so, I noticed that the spanking was making me feel secretly good. It kind of made these vibrations go through and tickle between my legs. Soon, I didn't want him to stop. It was weird.

Then I realized Murray had a boner. I didn't know if he knew or not, but you could totally feel it. I kind of started wiggling on it because it was jabbing me so bad, and Murray started breathing really hard. Then, he put his fingers up my pussy. I was so shocked I didn't do anything at first.

I was really wet down there, and it was making this "wicka-wicka," sound. I started spazzing out and he was like, "Your cumming for me, honey! You're cumming for daddy!"

Then, almost like he was really angry, he pushed me onto the floor and took out his penis really fast.

He told me to put it in my mouth and started pushing it between my lips. Suddenly he goes, "Oh, fuck!" and this really salty spurt goes off in my mouth. I pulled away, but he made me put my mouth back on as he kept squirting more stuff into my mouth. It was really thick and bitter tasting. So, in the end, Murray left me with a red booty and bad breath!

how to do
my ass

These are my first ever nudie pictures. Do you like 'em? Well my parents sure don't! I try to talk to them about 'em, but they just leave the room. I don't care because I think they look really good. Someday I plan to be a model for real and getting these pictures in TIGHT was a big step in the right direction.

As far as what I like doing for sex, the best part for me is the touching and holding and feeling really close with another person. But my boyfriend right now, Tim, would probably say the best part is the ass fucking. That's, like, his obsession. With me, it's something I could live without, but with him it's something he needs practically every day!

You want me to tell you about how we ass fuck?

Okay, but it's sort of private. First, Tim is a lot older, so he can't get hard enough unless I suck him for a really long time. That part can get sort of tiring, so you have to get psyched up for it. Otherwise, you'll get pooped mid-way through. Tim sometimes puts chocolate sauce on his thing to make it more fun to suck. (I'm a big chocoholic!)

Sometimes I'll say Tim's name, or I'll cry out for my daddy, or sometimes I'll just make baby talk. It sounds

funny, but the feelings are so intense you won't be laughing—believe me!

Now you're all ready for your boyfriend to put it up your butt. It really burns when he first presses it in, but you have to not panic. Just give in. Let your whole body go limp and surrender. Whatever you do, **DO NOT CLENCH YOUR BUTT!** That can totally kill! Just close your eyes, let your mind go empty, and accept that he's going to be sticking it up there for a while.

Pretty soon he'll be fucking your butt hard. Bite down on the pillow if your parents are in the house and you don't want to scream or whatever. Tim likes to pack me really hard right before he's ready to shoot, so when he's totally pumping me full-on, I know we're almost done. Then he grunts swear words as he pulls out and shoots his stuff all over my back.

Okay, now you know how. I hope all you guys have a real good time trying it, and remember to start slow, and don't give up. Enjoy!

Then we get my butt ready. This is super important, so don't think you can just jump in without being ready. First, you have to use a lot of lube. Lube can be expensive, but it's better to waste lube than to skip. Rub it all in your butt, or get your friend to. (Your butt should already be clean, and you should go number 2 way in advance—but if you haven't already figured that out, you're dumb and probably shouldn't be doing this anyway.) So, then, start by sticking a pinky up there. That's a pretty good size to start, and you'll be surprised how weird even that feels. Also, you'll feel inside how your hole is really hard and squeezes down wicked bad. You've got to get that loosened up first. Try putting two fingers up, and then have a medium-sized dildo on hand. Cover that with a ton of lube. The lube is sticky at first, but it will get slicker as it gets warmed up inside your butt. Then cram the dildo into your butt. By this time, you'll probably be making all these weird noises and saying all these strange things.
